Platform: S.L.C Solutions

Sector: Construction & Hardware
B2B

Target Audience: Buyers,
Contractors, Suppliers

Usage: RAG Vector DB / Chatbot
System Prompt

1. ABOUT S.L.C SOLUTIONS & CORE VALUE PROPOSITION

OVERVIEW

Q: What is S.L.C Solutions and what does this platform do?

S.L.C Solutions (Sri Lankan Construction Solutions) is an open B2B digital marketplace designed for Sri Lanka's construction industry. It connects hardware suppliers, raw material manufacturers, building contractors, and small businesses to trade directly, negotiate formal contracts, and get wholesale pricing without relying on informal Facebook/WhatsApp groups or middlemen.

PRICING & FEES

Q: Is it free to use, or do you charge commissions?

Browsing the open discovery feed and creating an account is completely free. Small businesses and startups can publish posts and receive contract proposals with zero upfront listing fees. There are no hidden subscription charges for standard discovery and contract negotiations.

VERIFICATION

Q: Are the suppliers and contractors on this platform verified?

Yes. Every registered business profile displays their Business Registration (BR) status, contact information, location, product specifications, and past transaction records so buyers can verify supplier authenticity before proposing a contract.

2. BUYER & CONTRACTOR GUIDE (HOW TO BUY & NEGOTIATE)

ORDERING

Q: How do I place an order for materials (cement, steel, sand, hardware)?

Instead of a simple "add-to-cart", you use our **Contract Proposal Wizard**. Find the vendor or material you want, specify the exact quantity needed, propose your target price (LKR), and set your required delivery deadline. The vendor then receives the proposal instantly and can accept, counter, or reject it.

NEGOTIATION

Q: Can I negotiate prices and custom delivery timelines?

Yes! S.L.C Solutions features a multi-state negotiation engine. If a vendor cannot meet your proposed price or delivery date, they can send a **Counter-Offer** with modified terms. You can review the counter-terms and accept or decline directly from your Buyer Portal.

MOQ & POOLING

Q: I need small quantities, but distributors have large Minimum Order Quantities (MOQ). Can I still buy?

Yes! S.L.C Solutions provides an **Order Pooling Intent** feature. If you only need 200 kg of a material with a 2,000 kg distributor MOQ, you can register a pooling request. The system connects multiple small buyers together to collectively satisfy wholesale MOQ thresholds and unlock bulk prices.

LEGAL & RECEIPTS

Q: Do I get a formal bill, invoice, or purchase order?

Yes. Once a deal is accepted and marked as completed, the platform automatically generates an official, downloadable **PDF Purchase Order** containing all agreed quantities, unit prices, delivery terms, tax info, and business credentials.

ALERTS

Q: How do I know if the vendor responded to my offer?

You do not need to keep checking the website. The moment a supplier counters or accepts your deal, instant alerts are delivered to your mobile phone via **WhatsApp, Telegram, or Email** based on your account settings.

3. VENDOR, SUPPLIER & MANUFACTURER GUIDE (HOW TO SELL & GROW)

GETTING STARTED

Q: How can I register my hardware shop or manufacturing business?

Sign up through the Vendor Registration page, provide your company details and Sri Lankan Business Registration (BR) number, and access your **Vendor Dashboard** to add your inventory, materials, specifications, and pricing tiers.

PROMOTION

Q: How do new suppliers get discovered without paying for expensive ads?

We use an organic **boostScore** algorithm on our public discovery feed. Your ranking is determined by your activity, response speed, posting frequency, and profile completeness. Active and responsive suppliers get top placement on the feed completely free of charge.

INBOUND DEALS

Q: What happens when a buyer wants to buy my stock?

You will receive an instant notification on WhatsApp/Telegram with the buyer's requested quantity, proposed price, and target delivery date. In your Vendor Dashboard, you can accept the deal in one click, submit a counter-proposal, or decline.

SECURITY

Q: Is my business pricing and transaction data private?

Yes. Contract negotiations and private pricing agreements are strictly multi-tenant and encrypted between you and the specific buyer. No third party or competitor can view your active negotiation terms.

4. DEAL & ORDER STATUS CHEAT-SHEET (CUSTOMER TERMINOLOGY)

Status Shown	What It Means for the Buyer	What It Means for the Vendor
Pending	Your proposal has been sent to the supplier and is waiting for their review.	New purchase proposal received. Review terms and accept, counter, or decline.
Countered	The supplier proposed adjusted prices or delivery dates. You must review and approve.	Your amended terms have been dispatched to the buyer for confirmation.
Accepted	Both parties agreed to the terms. Deal is locked and binding. Prepare logistics.	Buyer accepted terms. Deal is confirmed; prepare items for delivery.
Completed	Goods delivered and confirmed. Official PDF Purchase Order is ready to download.	Transaction finalized. Download official PDF Purchase Order for accounting.
Rejected / Expired	Deal was declined or timed out. No payment or obligation required.	Proposal closed without transaction. Item remains available in stock.

5. CUSTOMER SUPPORT, CONTACTS & HELPDESK INSTRUCTIONS

Chatbot Instructions: If a customer encounters technical errors, account verification delays, or payment/delivery disputes, provide the following contact guidance:

- **Live Chat Support:** Available 24/7 directly within the platform portal.

- **Instant Alert Channels:** Real-time automated updates via Twilio WhatsApp Bot & Telegram Official Bot.
- **Official Email Support:** support@slcsolutions.lk / inquiries@slcsolutions.lk
- **Location / Service Area:** Nationwide coverage across all 9 provinces in Sri Lanka (Western, Central, Southern, Northern, Eastern, North Western, North Central, Uva, Sabaragamuwa).
- **Operating Hours for Dispute Resolution:** Monday – Saturday: 8:00 AM – 6:00 PM (IST).
